

FSA-1 & 1.2

FSA-1 & 1.2 are portable power and data distribution solutions that brings technology safely from the wall to where you need it. Scalable in length and power configurations, FSA 1 & 1.2 transfer power and route cables in a safe to walk on, robust, and low profile design (only 1/2" thick), fit for any environment.

6-1/2" W x 2-1/8" H x 48", 72", and custom lengths

PowerBase

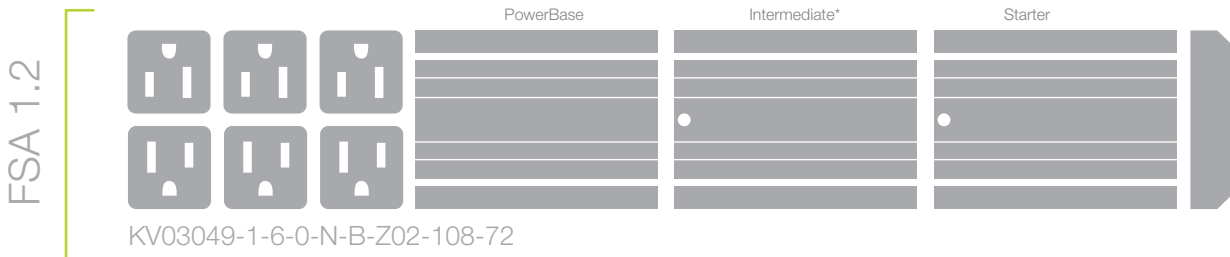

Intermediate*

Starter

FSA-1 provides the user with a convenient and durable unit at a fixed length

48" or 72"

FSA-1.2 allows users to specify product length through the use of three types of modular units (36" sections available.)

72" - 39'

*Intermediate pieces can be added to extend length up to 39' with 36" sections
